Subject Index to Volume 35

A

Abdominal aortic aneurysms, ruptured, 36
Abdominal paracentesis, "intracath" method of, evaluation of, 23
Abdomino-perineal resections, a review of, at the Vancouver General Hospital 1960–66, 660
Abdominal stab wounds, pitfalls in diagnosis of, by contrast media injection, 107
Abdominal trauma from seat belts, 313
Abscess, intrahepatic, 144
perinephric: current concepts in diagnosis and management, 72
Acidosis and alkalosis, the effects of, on cardiac output and peripheral resistance, 600
Adenoma, villous, of the duodenum: report of a case with massive hemorrhage, 656
Adenomas, parathyroid: experience at Good Samaritan Hospital, 796
Adhesions, pelvic, silicone in the prevention of, 662
Adrenergic blockade, alpha and beta, the effect of, on thoracic duct lymph flow in normovolemic and hypovolemic dogs, 851
Air contamination during anesthesia, 619
Alkalosis and acidosis, the effects of, on cardiac output and peripheral resistance, 600
Allografts, pancreatic, canine, blood flow measurements in, 871
Allotransplants, renal, baboon, the significance of human ABO blood groups in the survival of untreated, 292
Anastomosis, suture, of small arteries, 342
venous-right pulmonary artery, probable growth of a, and failure of growth of an arterial-left pulmonary artery anastomosis in the same infant, 817
Anesthesia, air contamination during, 619
Aneurysms, abdominal aortic, colon ischemia following resection of, 580
acutely symptomatic: a surgical emergency, 691
aortic, ruptured abdominal, 36
mycotic, of the splenic artery, massive gastric hemorrhage secondary to rupture of: resection and survival, 497
nonmycotic, of the superior mesenteric artery, 492
ruptured, of jejunum with massive intestinal bleeding, 643
Aorta, esophagus and trachea, fistulization between the, as a complication of acute corrosive esophagitis: report of a case, 450
infrarenal, acute occlusion of the, from blunt trauma, 444
thoracic, rupture of the, traumatic, 244
thoracic, traumatic rupture of the: a follow-up report, 624
Aortic amputation, high juxtarenal, and surgical reconstitution (the butterfly appearance): follow-up report of eight successful cases, 422
Aortic dissection, thoracic, acute, extraluminal aortic perfusion after, surgical significance of, 688
Appendectomy, incidental and its effect on the incidence of wound infection in cholecystectomy, 650
Appendicitis, an unusual cause of: torsion produced by a mesoappendiceal lipoma, 648
500 operations for, 149
non-perforated, presenting as shock and liver abscess, 461
Arm injuries, wringer, 53
Arterial disease, peripheral, the use of low molecular weight dextran in, 468
Arterial prostheses, infected, replacement of, with inverted jejunal autografts, 681
Artery, carotid, fibromuscular hyperplasia: three cases and review of the literature, 501
lower extremity thrombosis of, 551
splenic, mycotic aneurysm of the, massive gastric hemorrhage secondary to rupture of, 497
superior mesenteric, nonmycotic aneurysms of the, 492
suture anastomosis of small, 342
Artery anastomosis, pulmonary, venous-right, probable growth of a, and failure of growth of an arterial-left pulmonary artery anastomosis in the same infant, 817
Artery insufficiency, basilar, due to atlanto-occipital instability, 695
Artery surgery, carotid, 676
Atherogenesis, effects of an anion exchange resin (cholestyramine) on, in rhesus monkeys, 886
Atlanto-occipital instability, basilar artery insufficiency due to, 695
Atrioventricular canal, surgical management of the, 59
Autografts, jejunal, inverted, replacement of infected arterial prostheses with, 681
Auto-transplantation, bone marrow, in animals after administration of high dosage of cytotoxic drugs, 665
Avulsions of the tactile finger pad: an evaluation of treatment, 756

B

Blood flow, peripheral and cerebral, the hazards of using vasoactive drugs to augment, 12
renal, comparative measurement of, by xenon^{133} clearance and electromagnetic flowmeter methods, 879
Blood gases: mechanisms, methods, and relevance to the surgical patient, 606
Book reviews, 76, 106, 152, 165, 266, 310, 463, 496, 504, 538, 546
Bowel bleeding, small elusive: description of a new technique for the diagnosis of small bowel tumors, 223
Bowel obstruction, small, mechanical, caused by acute appendicitis, 670
Brain tumors, metastatic, single: treatment and follow-up in 41 cases, 510
Breast cancer, simple mastectomy and radiotherapy in the treatment of, 613
Breast, carcinoma of the, intracystic papillary, 195
Breast carcinosarcoma, Coley's toxins and chemotherapy in treatment of: case report, 377
Broncography, transtracheal, percutaneous: a simplified technique, 336
Burns, electrical, severe: a review and analysis of six cases, 779

studies in, VII: the "water-retaining" lipids of eschar: their presence and potential usefullness, 709
Bypass, esophageal, subcutaneous placement of the left colon for, 574

C

Cancer, breast, simple mastectomy and radiotherapy in the treatment of, 613
chemotherapy, regional protection in: an experimental study in monkeys, 741
head and neck, concomitant hydroxyurea and radiotherapy in the management of 60 patients with, 525
metastatic, liver scanning for detection of, the value of, 112
pelvic, transpubic approach to, 471
Carcinoma, colon, obstructing, pseudo-ulcerative colitis proximal to, 384
parathyroid: a case report and review of the literature, 374
Carcinosarcoma, breast, Coley's toxins and chemotherapy in treatment of: case report, 377
Cardiac arrest and ventricular fibrillation: pathogenesis and prevention, 77
Cardiac output and peripheral resistance, the effects of acidosis and alkalosis on, in humans, 600
Cardio-esophageal junction, obstruction of, by a rubber drain: report of a case, 535
Cell mass, peripheral red, post-operative enhancement of, reduction of exogenous water and solute requirements during elective operations with, 725
Chest injuries, treatment of, in Viet Nam, 227
Cholangiography, operative needle: a clinical evaluation, 476
Cholecystectomy, and gallbladder disease: experience with 1500 patients managed in a community hospital, 218
following a normal cholecystogram, 653
incidence of wound infection in, incidental appendectomy and its effect on the, 650
Clot formation, intravascular, the effects of a new plasma expander (hydroxethyl starch) on, 465
Colon, diverticulitis of the, surgical treatment of, 203
left, subcutaneous placement of the, for esophageal bypass, 574
Colon carcinoma, obstructing, pseudo-ulcerative colitis proximal to, 384
Colon ischemia, following resection of abdominal aortic aneurysms, 580
Coronary heart disease, assessment of the surgical results in, 585
Cyanoacrylate tissue adhesive spray, aerosal, long-term study of: carcinogenicity and other untoward effects, 825
Cysts, neoplastic, of the spleen in children, 488
urachal, infected, and prostatism: a differential diagnosis, 773

D

Dextran, low molecular weight, the use of, in peripheral arterial disease, 468
powdered, effect of, on experimental hypercholesterolemia, 431
Dimethyl sulfoxide (DMSO), current concepts in toxicology, pharmacology, and clinical usefulness in surgery, 564
Duct, hepatic, exploration, a systemic plan for, 412
pancreatic, ligation of, serum amylase and changes in pancreatic function and structure after, 30
Duodenum, adenoma of the, villous: report of a case with massive hemorrhage, 656
rupture of the, retroperitoneal: report of case undergoing successful secondary repair, 366

E

Editorial: long face and scalp hair presents problem in aseptic technique, 599
Emboli, cerebral, autologous, experimental, a method for preparation of, 823
Embolism, fat: an experimental study (part I), 250
fat: an experimental study (part II) evaluation of smooth muscle relaxants in its treatment, 257
pulmonary, prevention of, a new catheter technique of interruption of inferior vena cava for, 889
systemic fat: review of literature and a report of three cases, 369
Endocarditis, mycotic (fungal), after cardiovascular surgery, 135
Eschar, burn, and intact skin, purification of the water-holding lipid of, 864
Esophageal bypass, subcutaneous placement of the left colon for, 574
Esophagitis, acute corrosive, fistulization between the esophagus, aorta and trachea as a complication of: report of a case, 450
Esophagitis with stricture, reflux, Thal and Nissen operations in the treatment of, experience with the: a preliminary report, 89
Esophagus, rupture of the, spontaneous, 237
Eye, implants in the anterior chamber of the, a new test of rejection for: application for the study of immunological mechanisms operative in a privileged site, 856

F

Fascia, transversalis: a practical analysis of an enigma, 737
Femoral head prosthesis: thirteen years' experience, 418
Fibrillation, ventricular, and cardiac arrest: pathogenesis and prevention, 77
Fibroma of bone, chondromyxoid, 435
Finger pad, tactile, avulsions of the: an evaluation of treatment, 756
Fistula, iliaco-appendiceal, following dacron aortic graft, 241
intrarenal arteriovenous: a complication of needle biopsy, 433
Fistulization between the esophagus, aorta, and trachea as a complication of acute corrosive esophagitis: report of a case, 450
Foreword, 675
Fucidine (sodium fusidate), oral, treatment of staphylococcal infections with, 410

G

Gallbladder disease, in young people, 480
and cholecystectomy: experience with 1500 patients managed in a community hospital, 218
Gangrene, localized, long-term antibiotic administration for, 348

Gastric physiology, evaluation of pH telemetry in the clinical study of, 836
Gland scintigram, salivary, in inflammatory disease, 765
Gland, thymus, and immunity, 317
Graft, aortic, dacon, iliaco-appendiceal fistula following, 241
autogenous arterial, reconstruction of the common femoral and external iliac arteries using, 83
Gynecomastia, surgical correction of, 322

H

Head cancer, concomitant hydroxyurea and radiotherapy in the management of 60 patients with neck and, 525
Heart disease, coronary, assessment of the surgical results in, 585
Heart, herniation of the, acute, 332
migration of a foreign body from the sternoclavicular joint to the: a case report, 448
Hemangiopericytoma: a report of two cases, 351
Hematocrit change, patterns of, in postoperative patients, 189
Hematoma, duodenal, intramural, iatrogenic marginal ulcer and afferent loop obstruction as a sequelae to operation for, 326
Hemorrhages, acute, repeated, response of the dog to, 284
duodenal ulcer, the "changing epidemiology" of mortality in, 828
gastric, massive, secondary to rupture of mycotic aneurysm of the splenic artery: resection and survival, 497
intestinal, intramural, complicating anticoagulant therapy, 234
Hemostasis by pneumatic compression, 635
Hernia, pleuroperitoneal, obstructive jaundice complicating, in the adult, 482
Heterografts, aortic, mitral value replacement using, 50
Homotransplantations, renal, from cadaveric donors with emphasis on the donor with marginally acceptable kidneys, experience with 47, 1
Hydrocephalus, treatment of: direct attack on the obstruction, 701
Hydroxethyl starch, the effects of a new plasma expander on intravascular clot formation, 465
Hypercholesterolemia, experimental, effect of powdered dextran on, 431
Hyperplasia, carotid artery fibromuscular: three cases and review of the literature, 501

I

Immunity, and the thymus gland, 317
Implants, of the eye, in the anterior chamber, a new test of rejection for: application for the study of immunological mechanisms operative in a privileged site, 856
Infarction, intestinal, with idiopathic mesenteric venous thrombosis, operative management of, 338
Infections, wound, a prospective study of, 627
Intestinal obstruction due to food, 820
Intestinal surgery, tissue adhesive in, 210
Intestine, small, traumatic injuries to the, 130
Intravenous nutritional support of the non-alimenting patient, 705
Intussuceptions, recurrent multiple, with lipomatosis: multiple diverticula, 70
Ischemia, colon, following resection of abdominal aortic aneurysms, 580
effect of, upon the renal microcirculation: I. preliminary observations, 833
marked, profunda femoris artery in extremities with, significance of the, 229

J

Jaundice, obstructing, complicating pleuroperitoneal hernia in the adult, 482
Jejunum, ruptured aneurysm of, with massive intestinal bleeding, 643

K

Kidney, rupture of the, spontaneous, secondary to ovarian vein obstruction, 67

L

Leiomyosarcoma of the gastrointestinal tract, 809
Lipoma, mesoappendiceal, torsion produced by a: an unusual cause of appendicitis, 648
Lipomatosis, recurrent multiple intussusceptions with: multiple diverticula, 70
Liposarcoma, 121
Liver abscess, and shock, non-perforated appendicitis presenting as, 461
Liver scanning, the value of, for detection of metastatic cancer, 112
Lymphadenectomy, scalene, a critical evaluation of, in 500 patients, 125
Lymphadenitis, mesenteric, acute suppurative, 405
Lymph flow, thoracic duct, the effect of alpha and beta adrenergic blockade on, in normovolemic and hypovolemic dogs, 851
Lymph nodes, barrier function of, the importance of biological factors in the, 845

M

Marrow, bone, auto-transplantation, in animals after administration of high dosage of cytotoxic drugs. 665
Mastectomy incision, radical, 750
Mastectomy, simple, and radiotherapy in the treatment of breast cancer, 613
Meckel's diverticulum, the sex ratio of, 455
Mediastinum, of a child, large foreign body in the, management of a, 630
mesenchymoma of the, benign, 274
Melanoma, individualization in the management of: a review of 164 consecutive cases, 177
malignant: current concepts, 301
primary malignant, of the trunk, 638
Methylprednisolone, and antibiotics, temporary hepatic inflow occlusion in dogs treated with, 271

N

Neck cancer, concomitant hydroxyurea and radiotherapy in the management of 60 patients with head and, 525
Nevoid, basal cell, syndrome, 279
North Pacific Surgical Association, the early years of the, 539

Nutritional support, intravenous, of the non-alimenting patient, 705

O

Occlusion, acute, of the infrarenal aorta from blunt trauma, 444
hepatic inflow, temporary, in dogs treated with methylprednisolone and antibiotics, 271
in man, acute, left renal vein pressure following, 439
Omentum, infarction of the, idiopathic segmental: report of 83rd case, 358
Omphalocele, ruptured, of the newborn, 793

P

Pancreas, cancer of the, 95
Pancreatic ducts, ligation of, serum amylase and changes in pancreatic function and structure after, 30
Pancreatitis, acute, respiratory complications of, 591
Parathyroid carcinoma: a case report and review of the literature, 374
Pelvic adhesions, silicone in the prevention of, 622
Pelvic cancers, transpubic approach to, 471
Peritonitis, meconium, 389
pH telemetry, evaluation of in the clinical study of gastric physiology, 836
Pheochromocytoma, 397
Phlebography, transumbilical portal: a new diagnostic procedure, 40
Pneumothorax, spontaneous, in the newborn, considerations in the management of, 27
Polycythemia vera, mesenteric venous thrombosis secondary to, 407
Polyposis, familial, and the spontaneous regression of polyps, 361
Prostatism and infected urachal cyst: a differential diagnosis, 773
Prostheses, arterial, infected, replacement of, with inverted jejunal autografts, 681
Prosthesis, femoral head: thirteen years' experience, 418
Pyloroplasty, everting, 265

R

Radioisotope therapy, intravascular particulate: clinical observation of 76 patients with advanced cancer treated with 90-yttrium particles, 181
Roentgenography, diagnostic wound tract radiopaque media injection, in penetrating wounds, 730
Rupture, traumatic, of the thoracic aorta: a follow-up report, 624

S

Scintigram, salivary gland, in inflammatory disease, 765
Shock, cardiovascular dynamics in human, 166
and liver abscess, non-perforated appendicitis presenting as, 461
Shunts, portacaval: experimental use of various grafting materials constructing a "y" shape shunt, 516
Silicone, in the prevention of pelvic adhesions, 622
Southeastern surgical congress: abbreviated program, 311
Spinal fractures, seat belt, 617
Spleen, neoplastic cysts of the, in children, 488
Staphylococcal infections, treatment of, with oral fucidine (sodium fusidate), 410
Sternoclavicular joint, migration of a foreign body from the, to the heart: a case report, 448
Stomach, volvulus of the, acute, 505

T

Thrombosis, iliofemoral vein, spontaneous, anatomical factors in the etiology of, 547
mesenteric venous, idiopathic, operative mangement of, with intestinal infarction, 338
mesenteric venous, secondary to polycythemia vera, 407
of lower extremity arteries, 551
Tissue adhesive in intestinal surgery, 210
Tissue adhesive spray, cyanoacrylate, aerosol, long-term study of: carcinogenicity and other untoward effects, 825
Trachea, cervical, current concepts in reconstruction of the, 153
esophagus and aorta, fistulization between the, as a complication of acute corrosive esophagitis: report of a case, 450
subglottic, stricture of the, benign, a method of treating, 346
Tracheostomy: management, mortality, complications, 393
Trauma (Vietnam war), new concepts in the management of, 104
Tumors, brain, single metastatic: treatment and follow-up in 41 cases, 510
small bowel, description of a new technique for the diagnosis of: elusive small bowel bleeding, 223

U

Ulcer hemorrhage, duodenal, the "changing epidemiology" of mortality in, 828
Ulcer, peptic, recurrent, second gastric resection for, 801
peptic, surgical treatment of, 805
stasis, chronic lower extremity, a simple treatment of, 762
Urachal cyst, infected, prostatism and: a differential diagnosis, 773
Urachus, adenocarcinoma of the, mucinous, 267

VWZ

Valve replacement, aortic and mitral, further experience with the Killingbeck-lusterlite graft support ring for, 895
mitral, using aortic heterografts, 50
Valve replacement patients, general surgical procedures in, 559
Vasoactive drugs, the hazards of using, to augment peripheral and cerebral blood flow, 12
Vein obstruction, ovarian, spontaneous rupture of the kidney secondary to, 67
Volvulus, acute, of the stomach, 505
Water, too much, 719
Wounds, contaminated surgical, treatment of, with a topical antibiotic: a double-blind study of 240 patients, 789
penetrating, diagnostic wound tract radiopaque media injection roentgenography in, 730
Wringer arm injuries, 53
Zollinger-Ellison syndrome, gastric secretory patterns relative to the diagnosis of the, 45
